Fun Pages

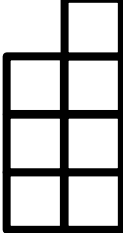

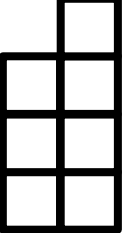

Combine the 4-group Number Patterns to
make 7

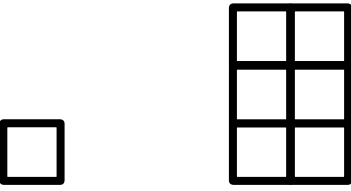

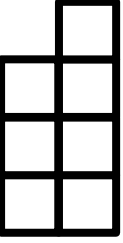

Created by
Lynn Kuske, M.Ed.

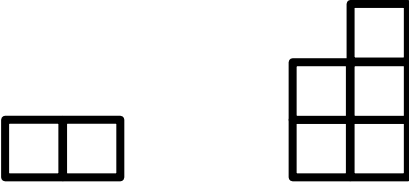

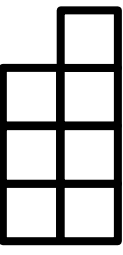

Name

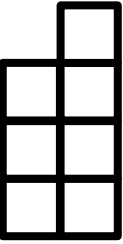

Use your "math eyes" to see how to make 7.

USE TWO DIFFERENT COLORS ON THIS PAGE.

	<p><i>Zero and seven . . . or, seven and zero . . .</i> Color the zero and seven different colors.</p>  <p>0 + 7 or, 7 + 0</p>	<p>Color to show these partners of seven.</p>  <p>7</p>
-----------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------

	<p><i>One and six . . . or, six and one . . .</i> Color the one and six different colors.</p>  <p>1 + 6 or, 6 + 1</p>	<p>Color to show these partners of seven.</p>  <p>7</p>
-----------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------

	<p><i>Two and five . . . or, five and two . . .</i> Color the two and five different colors.</p>  <p>2 + 5 or, 5 + 2</p>	<p>Color to show these partners of seven.</p>  <p>7</p>
-------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------

	<p><i>Three and four . . . or, four and three . . .</i> Color the three and four different colors.</p>  <p>3 + 4</p>	<p>Color to show these partners of seven.</p>  <p>7</p>
-------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------

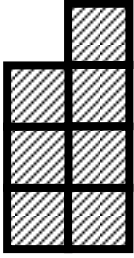

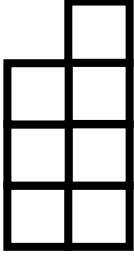

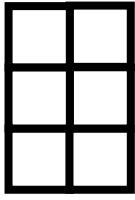

Color the number patterns to show which pictures go together to make 7.
Use a different color for each combination that makes 7.

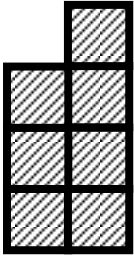

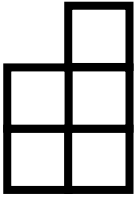

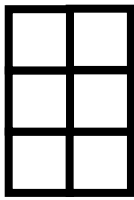

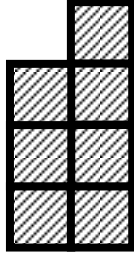

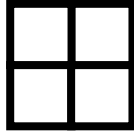

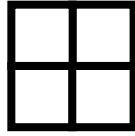

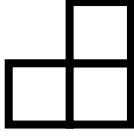

Color the number patterns to show which pictures go together to make 7.
Use a different color for each combination that makes 7.

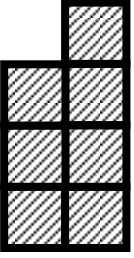

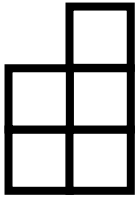

Circle and color two numbers that make 7. Use one color.
